VeriSign® Name Store

Quick Facts about VeriSign Solutions

+ Grow Your Business with Name Store

With the Name Store fulfillment platform, VeriSign gives you a robust tool to grow your business. Name Store uses a single, easy-to-implement interface to provide you access to a growing suite of existing and new services. Implement the VeriSign® Name Store just once and you'll be set to keep up with the growing demands of an increasing sophisticated consumer. Delivered via VeriSign, a provider you know and trust, Name Store gives your business the flexibility to add all of our new and existing customer-focused services quickly and cost-effectively.

+ Name Store Services

ccTLDs

Lets you add highly sought after ccTLDs (like *.de*, *.uk*, *.jp*, etc.) to the name choices you provide customers. Sign up once and get automatic access to every ccTLD from the growing list of countries that VeriSign supports. With Name Store, it's easy to offer these international domains without having to negotiate and integrate with dozens of overseas providers.

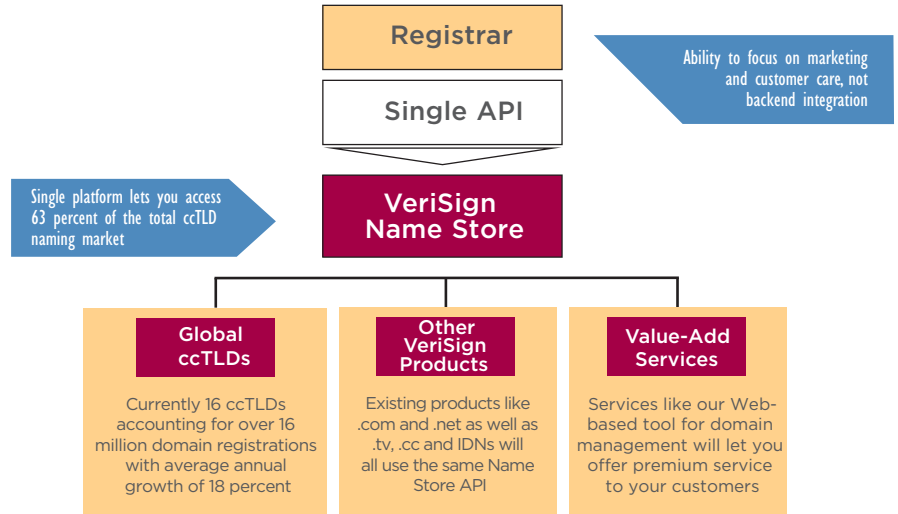

ccTLDs Available through the VeriSign Name Store
