WHAT ARE THE ELIGIBILITY REQUIREMENTS TO REGISTER A DOMAIN NAME IN .닷컴 DURING EACH REGISTRATION PERIOD?

Sunrise Period
Each prospective registrant who wishes to register a second-level domain name (SLD) during sunrise must have a valid Signed Mark Data (SMD) file from the Trademark Clearinghouse at the time of registration that permits the registrant to register that SLD. During the sunrise period, these prospective registrants will be able to register each SLD in .닷컴 that is an exact match of each SLD permitted by their SMD file.

Priority Access Program
The Priority Access Program is available for existing registrants of .com domain names (in ASCII or IDN script) that registered their .com domain name prior to the start date of the Priority Access Program Period for .닷컴 on June 20, 2016 at 00:00 UTC (the “Existing .com Second Level Domain Name”) and that have held the registration of their Existing .com Second Level Domain Name for longer than the Add Grace Period (i.e., the Add Grace Period for the .com registry is five calendar days).

Each qualifying Priority Access Program applicant shall have the exclusive right during the .닷컴 Priority Access Program Period to register the exact match of the Existing .com Second Level Domain Name (the “Matching Second Level Domain Name”) in .닷컴 provided:

Verisign.com
1. The Matching Second Level Domain Name is available for registration in .닷컴 during the Priority Access Program Period; and

2. The Matching Second Level Domain Name is registered through a registrar that is the same registrar-of-record for the Existing .com Second Level Domain Name.
